

000157

Leaf

Picture Description¹⁾

Close-up of deep purple leaves with prominent veins on a light brown branch against a vibrant green background.

Analysis¹⁾

This striking close-up photograph showcases the rich textures and vibrant colors of a purple-leaved hazel, likely a 'Red Majestic' cultivar. The sharp focus highlights the intricate venation pattern of the leaves, contrasted by the smooth, pale branch supporting them. A bokeh background of bright green further accentuates the unusual foliage, creating a visually arresting composition.
