Shadowy II

## Picture Description<sup>1)</sup>

A perspective view through the Holocaust Memorial in Berlin, showing concrete blocks and tiled pathways with blurred figures in the distance.

## Analysis<sup>1)</sup>

This photograph captures a disorienting perspective within the Memorial to the Murdered Jews of Europe in Berlin. The photograph focuses on the imposing gray concrete stelae, arranged in a grid-like pattern. The stark, minimalist forms dominate the scene, while narrow passageways paved with smaller square stones wind between them. A blurred figure, suggesting movement and the passage of time, can be glimpsed deeper in the maze. The photograph's somber color palette and strong contrasts create a sense of unease and contemplation, reflecting the weight of the memorial's purpose.
