Red Scene I

## Picture Description<sup>1)</sup>

A vividly red-toned nighttime shot capturing the silhouettes of buildings and people against a stark, fiery backdrop.

## Analysis<sup>1)</sup>

This captivating photograph presents a nightscape bathed in intense red hues. A building with a prominent triangular roof dominates the left side, while a structure with peaked windows sits centrally. To the right, a modern building features a wall of windows. Silhouetted figures are scattered across the foreground, adding a sense of mystery and scale to the scene. The overall effect is dramatic and surreal, creating a visual experience that is both striking and unsettling.
