The Witch II

## Picture Description<sup>1)</sup>

A stark silhouette of bare branches against a dual-toned sky, one side deep blue with a contrail and the other bright white.

## Analysis<sup>1)</sup>

This striking photograph juxtaposes the stark silhouette of a tree against two dramatically different backgrounds. On the left, a vibrant blue sky provides a backdrop to the tree's dark branches, with a contrail streaking across the upper part of the frame, hinting at movement and altitude. To the right, a stark white void throws the bare branches into sharp relief, creating a graphic contrast. The composition evokes a sense of duality, perhaps representing life and death, light and dark, or the visible and the unseen. The starkness of the black branches against the vivid blue and empty white spaces create an intriguing visual tension.
