Traffic III

## Picture Description<sup>1)</sup>

Abstract long exposure capturing vibrant light streaks against a deep blue and black background.

## Analysis<sup>1)</sup>

This abstract photograph captures the essence of urban movement, resembling the blurred streaks of headlights and taillights at night. Swirls of white, yellow, and red light dance against a backdrop of deep blue and black, suggesting the speed and dynamism of city life. The composition is chaotic yet balanced, evoking a sense of both excitement and disorientation. The long exposure technique used to create this photograph transforms familiar sights into ethereal trails of color, inviting the viewer to contemplate the fleeting nature of time and experience.
