Ulm Flags

Picture Description¹⁾

A monochromatic abstract arrangement of sharp, elongated shapes resembling stylized leaves or organic fragments.

Analysis¹⁾

This black and white abstract piece features a series of fragmented, sharply angled shapes arranged across four panels. The stark contrast between the black forms and the white background creates a dynamic visual tension, evoking a sense of movement and disruption. The composition suggests elements of nature, perhaps stylized depictions of leaves or blades of grass caught in a gust of wind, rendered in a minimalist, almost graphic style.
