NATIONAL GALLERY I

Picture Description¹⁾

A black and white photograph with selective color highlights of a city square, featuring classical buildings and numerous people.

Analysis¹⁾

This photograph captures a bustling Trafalgar Square in London, rendered in a stark black and white with selective color highlighting. The grandeur of the National Gallery and St. Martin-in-the-Fields church is juxtaposed with the movement of everyday life. Reflections on the wet pavement create a shimmering effect, while the selective use of color draws the eye to specific details, adding a touch of surrealism to the urban landscape.
