Stripes VI

Picture Description¹⁾

An abstract pattern of vertical colored stripes is divided into two sections with a black border.

Analysis¹⁾

This photograph presents a series of vertical bars, arranged in a two-tiered pattern. The top half displays a particular color sequence, which is then inverted in the bottom half. The colors, including shades of cream, orange, maroon, yellow-green, and dark green, are set against a black background. The black borders around each bar create a distinct separation, highlighting the color contrasts and the structured pattern. The artwork's simple geometry and bold color palette create a visually engaging and harmonious composition.
