## Picture Description<sup>1)</sup>

On a rooftop with a panoramic cityscape, a photographer adjusts the gown of a bride, both framed by modern glass barriers.

## Analysis<sup>1)</sup>

This diptych captures a behind-the-scenes moment from a wedding photoshoot, seemingly set on a high-rise rooftop in New York City. The left panel depicts a bride in a flowing white gown and a photographer adjusting her dress. The city skyline, including the Empire State Building and other skyscrapers, provides a stunning backdrop. The right panel offers a back view of the photographer as he readies for a shot. The clean lines of the rooftop terrace, the glass barrier, and the architectural details create a modern aesthetic contrasting with the classical elegance of the wedding attire and the iconic cityscape.
